

Institute of Anatomical Sciences Willed Body Program

## DONATION FORM (Please Print or Type)

#### TO WHOM IT MAY CONCERN:

Ι.

4			
NAME: (Mr. Mrs. Ms.)	FIRST	MIDDLE	LAST

being of sound mind and disposition, desire that after death my body be used for the advancement of medical science education and research. I do hereby will and bequeath my body to the State Anatomical Board of Texas (SAB) as represented by the **INSTITUTE OF ANATOMICAL SCIENCES - WILLED BODY PROGRAM at TEXAS TECH UNIVERSITY HEALTH SCIENCES CENTER** (TTUHSC-IAS-WBP) <u>Willed Body Program 3601 4th St. STOP 6528 Lubbock, Texas 79430</u> (806)-743-2708.

I understand that TTUHSC-IAS-WBP will transport and prepare the remains, if accepted, for medical science education and research. It is also understood that, even though TTUHSC-IAS-WBP serves approximately a 300-mile radius from our institution, donors who live outside Lubbock County may or will have to arrange with a local funeral home entity to pick up and hold their body at the time of passing, until TTUHSC-IAS-WBP can arrange transportation to the institution. Any services provided by a local funeral home entity will be the responsibility of my next of kin or executor of my estate. I hereby instruct my representative to make necessary transportation arrangements or authorize that my body be delivered to a closer institution approved by the State Anatomical Board of Texas.

I understand that the TTUHSC-IAS-WBP reserves the right to decline a body that is registered with the Willed Body Program and that no guarantee exists that my body will be accepted at the time of death. I understand that if I am morbidly obese, or have a contagious disease (e.g. HIV, Hepatitis, TB, M.R.S.A., etc.); have damage from trauma; have internal organs removed (for transplantation), have an autopsy; or if I commit suicide, my body donation will be declined by the Willed Body Program. If the Willed Body Program declines the donation, my next of kin, executor of my estate must make other arrangements for my body's final disposition. The TTUHSC- IAS-Willed Body Program is not responsible for any costs associated with other necessary arrangements.

I understand that cremation is the final disposition of my remains and that my next of kin or executor of my estate can request the residual cremated remains to be returned and only if the request is made in writing at the time of my death when the donation is initiated. I understand that the policy of the TTUHSC-IAS-WBP is cremated remains of individuals that <u>are not requested for return in</u> <u>writing</u> will be irretrievably co-mingled and buried in TTUHSC Willed Body Program ossuary.

I hereby relinquish all rights and claims regarding my body and direct that by accepting and using this body for teaching and scientific purposes and its subsequent disposition, neither the SAB, nor any receiving institution, shall incur any liability, and no manner of claim shall arise against the SAB or a receiving institution. I authorize the SAB to transport the willed/donated body hereon described out of the State of Texas in the event that the holding institution and the secretary-treasurer of the SAB have determined that an excess of bodies currently exists in the State of Texas.

# Complaints or inquiries regarding a willed or donated body should be directed to the secretary-treasurer of the SAB. The name and address of this individual may be obtained from the institution to which the body was delivered and is listed in the Texas State Telephone Directory

Director Willed Body Program 3601 4<sup>th</sup> Street, STOP 6528 Lubbock, Texas 79430-6528 Office (806) 743-2708 Fax (806) 743-9455 Email: WBP.Lubbock@ttuhsc.edu

## The Willed Body Program Cremation Form

#### The normal procedure for disposition of the bodies upon completion of Anatomical Studies is cremation.

#### If this form is not returned, the next of kin or executor relinquish their rights to the cremated remains.

#### Please *Initial* next to your decision and sign/complete the information below

**I DO NOT** wish cremated remains to be returned. Texas Tech University Health Science Center will arrange for the proper disposition of the cremated remains by irretrievably co-mingling them in their ossuary.

OR

**I WISH** the cremated remains to be returned. Contact will be made by letter or telephone, at the time of cremation to arrange for the return of the cremated remains on average between 14 to 24 months from the date of death. The cremated remains are normally returned via U.S. Postal Service, Priority Mail Express, Return receipt requested.
