## **Shatter the Stigma - June 21st**

In this IPE simulation with SPs, teams of learners from diverse professional backgrounds take the first step in shattering the stigma of SUDs by learning and practicing the use of destigmatizing interviewing techniques. This is accomplished by keynote presentations and panel discussions covering team-based care in SUDs, harm reduction strategies, and interviewing strategies to destigmatize the interview. Teams of learners will then participate in 2-3 simulations with SPs, followed by a facilitated debrief. Want to volunteer to be a student peer facilitator or a facilitator? Sign-up when you register! Registration Deadline: June 11, 2024

Burnout in healthcare and healthcare education is an epidemic that has been linked to numerous devastating outcomes for learners, professionals, and patients. Many national healthcare organizations have stated that teamwork and mutual support are critical to improving resilience and well-being. The purpose of this virtual IPE small group event is to discuss and reflect on the reciprocal relationship between teamwork and individual/team resiliency.
