

Ethan Santoyo

What are you doing here today?

0:06

We're here to go with the doctors to like, so they could like, give us examples what they do here. So when we do become a doctor, we know what to do.

What are some of the things you were able to do today?

0:26

See the, check the eyes and ears and then we was just with the patient. And I had to ask him question, had a little hearing things on to hear his heart.

Do you feel like being a doctor or nurse is something you want to do and why?

0:45

Yeah, to be a doctor, so I could check people and take care of them, so they could get better.
