 Associate Professor, Rehabilitation Sciences

Date: Wednesday, December 3, 2008

Time: 12:00 noon CT (11:00 a.m. MT)

Location: TTUHSC Academic Classroom Building Room 120

Topic: Spinal Manipulations: *The Similarities and Disparities Between Osteopaths, Chiropractors, and Physical Therapists Around the World*

Dr. Brismee is associate professor in the Doctorate of Science Program of Physical Therapy at TTUHSC. He graduated from the Catholic University of Louvain-la-Neuve in Belgium with Bachelor of Science degrees in Physical Education (1982) and Physical Therapy (1985). He graduated from TTU in 1996 with a Master of Sciences in Sports Health and earned a Doctorate of Science degree in Physical Therapy from TTUHSC in 2003. He is board-certified orthopaedic clinical specialist and earned the fellowship status from the American Academy of Orthopedic Manual Physical Therapy in 2002.

Dr. Brismee teaches in the areas of Kinesiology, Orthopaedics, and Electrophysiology, and is involved in research in Orthopaedic, Manual Therapy, and Movement Sciences. He has instructed at over 80 courses and conferences nationally in advanced Orthopaedic Medicine and Manual Therapy of the spine and extremities. In addition, he has authored more than 20 scientific papers and 15 abstracts in refereed journals and is an author of a series of 12 DVD's on the differential diagnosis and management of orthopaedic conditions. He is the Director of the Fellowship Program and Chair of the Research Committee of the International Academy of Orthopedic Medicine (IAOM-US) and maintains clinical practice in outpatient orthopedics at University Medical Center.
